Happy customers

It all began with a bunch of friends and family, inspired by passion for scuba diving and seeking to share it with the world.

Bermuda Diving Center® was established in the beginning of 2017, approaching divers and non divers community to spread the soul of underwater feeling and experience.

OUR VISION

By thinking globally and acting locally, Bermuda Diving Center® is a whole hearted supporter of Project AWARE, and in addition to protecting and conserving the ocean, we also aim to better educate all our scuba divers, snorkelers and guests when they spend their vacation with us.

By providing new methods and attractive ways, Bermuda Diving Center® successfully delivered the knowledge and science of diving both professionally and technically. This makes scuba diving fun in a friendly environment.
